

July 2021

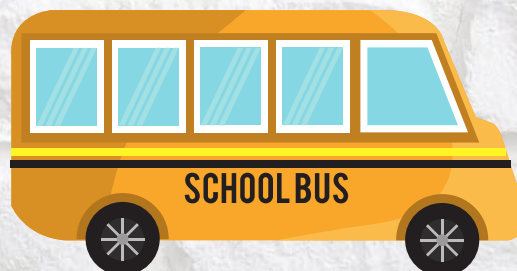

Dear Parents/Guardians,

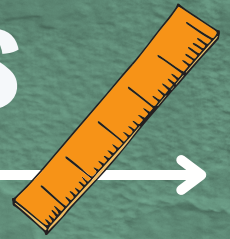

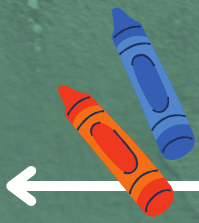

Welcome to the 2021-2022 school year!! We have been planning and preparing to bring our children back safely. Beginning July 19th we will implement a Hybrid learning model and a virtual learning model. Details of each learning options are provided. If you have not made your decision, please notify the school as soon as possible.

Teachers and staff have prepared Google classrooms as well as their classrooms to ensure you and your child has the resources you will both need to be successful at Indian Oasis Primary School. Although this school year will look and feel different, we are dedicated to ensuring that we are providing high quality learning for your child(ren). We are looking forward to a great year with students, staff, parents, guardians and community members. We have high expectations for our students, staff and ourselves. It is our primary goal to provide a safe learning environment for your child to experience the joys of learning in a nurturing and culturally responsive environment.

Respectfully,
Ms. Enriquez
